Dear FCC:

I would like to say thank you for making it hard for me to keep a cell phone. I have a child who has special medical condition and because of the other unworthy programs to help struggling parents the Tracfone has made it easy for me to budget and keep without extra costs. Now you want to impose a cost that will make it impossible for me to keep. Why ruin something that is good for people who have to budget.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Pam McDaniel
